Early Fall 2016

What do a Barn, a Fish and a Condor have in common?

They are all pieces of art that will be shown during the Sacramento Open Studios Tour in the Galt area. All three artists are award winners and all will be showing their work **at RSP Creative Studios at 305 4th St in Galt on Sept 17 and 18 from 10:00 to 5:00**

Teresa Steinbach-Garcia—Watercolor & Pastel

Steve Wilson – Sculptor

Judy Knott—Oil and mixed media.

We will have a drawing, demonstrations and of course serve some tasty treats.

We will have artwork at every price level—from smaller original pieces and greeting cards to larger scale artwork. Steve will have his award winning first place Condor sculpture which stands over 5 ½ feet tall.

This is such a great opportunity for us and for the people within the area to come see and purchase some really fine art.

Steve Wilson's 5' + high Condor will be on view at RSP Studios in Galt during the Sac Open Studios Tour.

September's Featured Artist at Lodi Community Art Center

If you can't make it to the Open Studios tour that has come to Galt, perhaps you can come to the Lodi Community Art Center where I will have additional artwork and will be part of the Friday night Art Hop on Sept. 2nd.

Lodi is a lovely town with a very vibrant downtown atmosphere and art community. There are several art venues in the downtown area all with excellent artists showing their work.

What Does “Master Artist” Mean?

It means I entered at least 20 competitions several of which were national; I won awards in a few of those competitions; I did a couple hundred volunteer hours and I went to a bunch of Northern California Artist meetings at the Sacramento Fine Arts Center. It took me nearly five years to accomplish this goal.

What it really means is I improved my art, I expanded my knowledge of showing my art and I met so many wonderful other artists. It also means it kept me focused—something that is important for all artists.

I really appreciate the program that Northern California Artists provides for its members. I would not be as far along now as I am without that program.

The next “Anyone Can Draw” workshop

It’s true—anyone CAN draw. It’s all about seeing and I emphasize that in my workshop. My drawing workshops are held at the Elk Grove Fine Arts Center. Each workshop consists of three days of drawing exercises (contour, gestural and perspective). Call 916-685-5992 to register. Or register on-line at
